Step 1.
Unpack all.
Enclosed: 1 left and
1 right side, 1 top, 1
partition, 1 keyboard
tray and 16 screws.

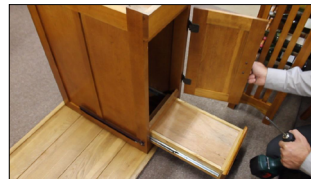

Step 2.
Lay the top on a
blanket or clean
floor. Place the
left and right
sides onto each
end of the top.
Note: Ensure the
tray runners are
facing towards
each other.

Step 3.
Fit the Partition
to one side the
drawer, then fit to
the other.

Step 4.
*Fitting the drawers
to the top:*
Open up all the
drawers and the
cupboard. Inside
you will see 4 cleats
to each side.

Step 5.
With the screws
provided fasten
the cleats to the
top with a Phillips
screwdriver or a drill.
Note: Do not over
tighten.

Step 6.
Very carefully
by bending your
knees or with a
second person,
flip the desk
onto it's feet.

Step 7.
Slide the key-
board tray into
the runners.
Wheel over
wheel on an
angle, then level
the tray until it
rolls smooth.
